

Jameson Camp has been serving Indiana youth with excellent programming for the past 82 years. Through our focus on character development and experiential learning, our youth report making great strides on a number of vitally important social variables. Through programs that are truly FUN, our kids want to be at Jameson...in fact, they don't want to leave. Because of this unique combination of fun and learning, we believe that we are able to help kids 'discover their strengths' in ways that can't be matched.

Jameson is currently reaching out to groups who serve youth, as we have a unique opportunity. For the first time, we are providing openings for session partnership within our Summer Camp program. Has your group or organization ever considered offering a summer camp experience for your children and youth? Camps provide unlimited opportunities for summer growth.

Not only is camp great for kids, but Jameson is exceptional in its approach. For over eight decades we have provided a residential summer camp that specializes in character & leadership development and the promotion of healthy living choices. We also specialize in teen leadership programming which includes service and leadership learning opportunities. We have been providing our year-round Youth Leadership program for the past 17 years.

Jameson is located on the Westside of Indianapolis on nearly 100 acres of woods, and has been serving children since 1928. We have a rich history and a solid reputation for program excellence among the families we serve and our program and community partners. We would welcome the chance to discuss your interest and to provide you with a tour of our facilities. You can also visit our website at www.jamesoncamp.org to learn more about Jameson Camp. Listed below are some of the opportunities we can offer to you and your clients.

Great facilities. If you have your own program staff but need a convenient place to hold your own day or overnight camp we might be the choice for you. Our location near the airport makes Jameson a convenient option that is still within the city. We have seven modern but affordable cabins that sleep twenty four people each. Our facilities are top notch and the grounds are beautiful.

Programming provided. If you would like experienced, trained staff to help facilitate activities for your group we can offer a range of programming including: Challenge Course (team-building and adventure learning), Outdoor Education, and Archery. In the summer months, we also have availability to offer the full-range of activities that are a part of our Summer Camp and Youth Leadership programs.

Summer Camp session exclusively for your group. If you would like to enroll a group of children for a day or residential summer camp experience we can now offer the opportunity to do so in late June/early July. Through use of our full staff and programming, we can provide the same high quality programming we have been offering to campers for decades.

Jameson's Traditional and specialty Summer Camp sessions. We offer residential camp for children ages seven to sixteen. Enroll your children in one of our seven options. All of our sessions have a base focus on character assets and specialty activity focuses. Our camp is for any child, and we also specialize in working with minor social and emotional challenges. Camp fees are on a sliding scale based on family's monthly income. Check out our website to view our Summer Camp possibilities:

www.jamesoncamp.org

Arrange for non-summer camps. We can offer program-assisted two to three day camps during the Spring and Fall. Whether you are looking for a focus in teen leadership, outdoor education or challenge course activities, we can help!

Rustic camping. If you have your own staff or scout leaders and would like a place for a camp out, we have several remote camp sites in the woods that would fit your needs.

Please feel free to contact me if you would like to discuss any of these options.

I look forward to talking to you in the near future.

Sincerely,

Dan Shepley
