## Summer Employment Information

---

Jameson Camp serves youth between the ages of 7 and 18. Many of these children and teens could be considered to be 'at-risk' or 'disadvantaged'. Our campers can be referred for minor social and emotional needs ranging from low self-esteem and minor behavior problems to needing a positive role model or a break from a chaotic home life. If you would like to spend this summer providing a fun, positive experience for children of all ages and backgrounds, then consider one of the positions in our **Joblistings**.

### DATES

#### **Leadership and Specialty Staff:**

May 15 - August 7, 2012

#### **All Staff:**

May 20 - August 7, 2012

(Breaks scheduled between sessions)

### **COLLEGE CREDIT & INTERNSHIPS**

Check with your college or university about earning credit hours for experience gained at camp. Internship applicants are welcome.

### *From our summer staff...*

"I feel like there is an atmosphere here that allowed me to be myself more than anywhere else. After working here for two summers, I feel like I've set a precedent for my future career..."

"I learned to be more patient, assertive, and a better leader. I also had to be organized and work with others very closely."

"I thought it would be relaxing and fun all summer. I did have fun, but I didn't relax. This job is so involved emotionally and physically. It was quite the learning experience and my best summer yet."

"This has given me the knowledge and experience to help with social work. This has shown me which track of social work I want for my career."

**"I never went to camp as a kid. After working at Jameson, I really wish I had - especially at a place like this."**

## Goals

Each of our programs is packed full of fun activities to create a memorable experience for each child. Jameson's programs are developed to offer a progression of experiences that foster:

- Responsibility – developing leadership skills and being accountable for one's own behavior
- Improved decision-making skills – thinking for one's self and making appropriate choices
- Positive self-concept and increased self-esteem – recognizing and appreciating personal strengths, talents and values
- Interpersonal skills and citizenship – making friends and respecting the rights of others
- Environmental concern – appreciating one's natural surroundings
